Free Webinar on  
**ENGINEERED TUBES  
FOR AUTOMOTIVE  
INDUSTRY**

**20 May 2022**

International Tube Association (ITA) ([www.itatube.org](http://www.itatube.org)) is the world's largest and most influential personal membership association for the tube & pipe industries and offers a unique range of benefits, services and events to promote new technology and growth within the industry. Individuals in more than 70 countries worldwide have already discovered the world of difference ITA membership can make to them personally and to their business. ITA in India is based in Chennai and is involved in training and education of its members on manufacturing and technology for Tubes and Pipes.

ITA India chapter, supported by Messe Dusseldorf India (MDI) will be holding the webinar on **ENGINEERED TUBES FOR THE AUTOMOTIVE INDUSTRY ON 20TH MAY 2022**. The webinar is intended for discussion on future readiness of the Indian tube manufacturers to meet the dynamic changes in their usage in the Automotive Industry. The demands on the automotive industry are aesthetics, competitive pricing, increased efficiency and load carrying, optimum running costs, and regulatory demands on alternate energy usage, safety and environment and these are well known. The webinar will discuss the demands equally from the automotive Industry on tube manufacturers to meet these expectations.

The webinar will feature speakers from manufacturers of Tubes and Pipes and the Automotive Industry And will focus on how an integrated approach to meeting the customer demands ensures long term success in meeting the vision of better mobility. It will focus on customer expectations that drive Innovation in development and usage of Tubes and Pipes in Automobiles .**Why not be at the centre of this webinar as a delegate, listening to,**

interacting and exchanging ideas with the top professionals from Tubes Industry and Automobile Industry. The programme is scheduled from 1400 Hrs to 1600 Hrs (IST) (1030 Hrs to 1230 Hrs CET) and will engage the audience for about 2 hours.
